Muhammad Afnan Shakeel

Why E-Commerce website?

It is a great way to grow brand, acquire loyal customers, gain new insights, and get creative with marketing.

01

EQUALLY HEAVY FRONT AND BACK END

02

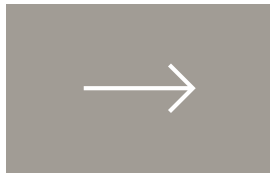

MORE FOCUSED ON BACKEND

03

MINIMILISTIC DESIGN APPROACH

Why Multipage Application???

01

Simple and easy to use

02

Only php required no Node JS required
unlike in Angular

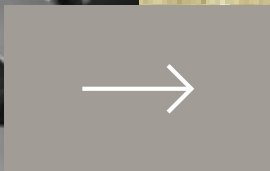

03

Most ecommerce website are multipage

Motivation

REASON TO CHOOSE THIS PROJECT

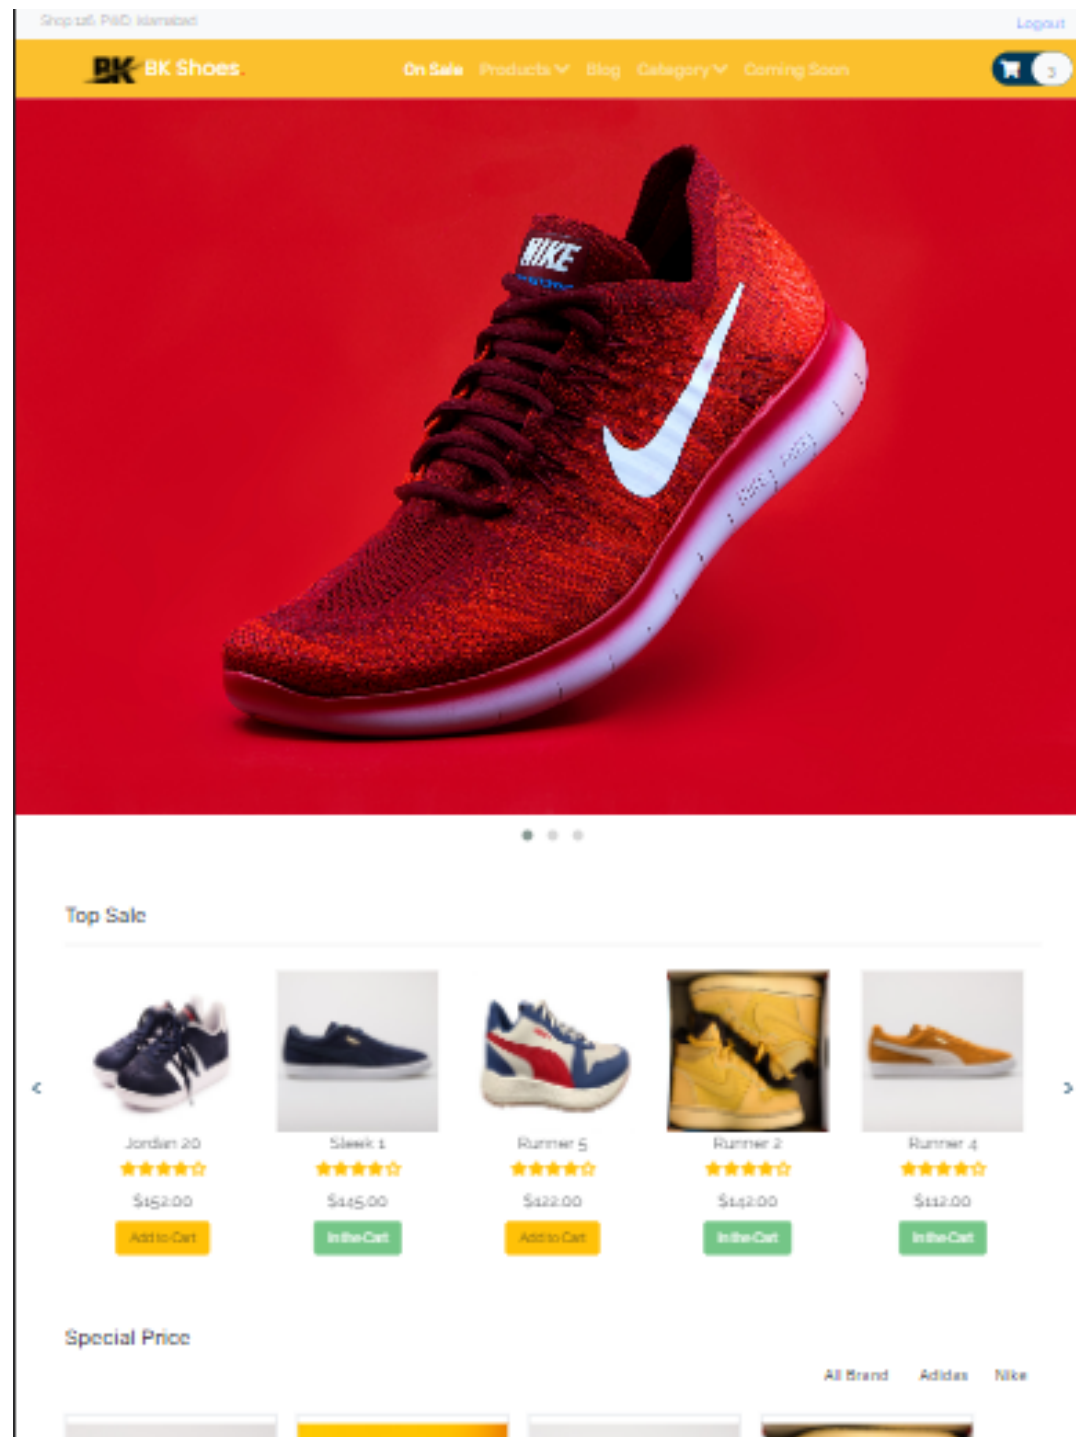

Deployment goal

Client Already present

Our Website

Login Registration

Simple Login page

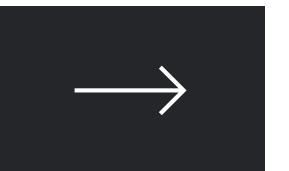

Simple Registration page

A login form mockup with a yellow background. On the left, it says "Welcome to BK Shoes." in bold black text, with "Every step, everywhere" in red text below it. On the right, there is a white box titled "Login" in bold black text. Inside the box, there are two input fields: "Email" and "Password". Below these fields is a blue "Login" button. At the bottom of the box, it says "Don't have an account? Register Here." in blue text.

A registration form mockup with a yellow background. It features a white box titled "Register" in bold black text. Inside the box, there are four input fields: "Username", "Email", "Password", and "Confirm Password". Below these fields is a blue "Register" button. At the bottom of the box, it says "Have an account? Login Here." in blue text.
